VANCOUVER, BRITISH COLUMBIA -- (Marketwire - Nov. 21, 2012) - [Ecometals Limited](#) (TSX VENTURE:EC) (FRANKFURT:GDQ) (BERLIN:GDQ) (the "Company") is pleased to announce that it closed a private placement (the "Offering") of 4,216,900 units of securities of the Company (each a "Unit") at a price of \$0.05 per Unit (the "Issue Price") for gross proceeds of \$210,845. Each Unit comprises one common share of the Company ("Common Share") and one Common Share purchase warrant (a "Warrant"), with each Warrant entitling the holder thereof to acquire one Common Share at a price of \$0.10 per share at any time until November 20, 2014.

The gross proceeds from the sale of the Units are to be used for working capital purposes.

In connection with the Offering, the Company agreed to pay a finder's fee to persons permitted by applicable securities laws to act as finders (each a "Finder"), equal to, in the aggregate, 8% of the gross proceeds raised from subscribers introduced to the Company by such Finders payable either in (i) cash, (ii) Units issued at the Issue Price or (iii) a combination of thereof, in each case at the option of the Company. As such, the Company paid a cash fee of \$15,200 to a Finder.

All securities issued yesterday are subject to a four (4) month hold period expiring on March 21, 2013.

In view of the disruption to the placing process caused by the recent storm in the United States, the Company is today intending to open a new private placement to raise up to \$500,000 on the same terms in respect of both Units and Warrants as the placement which closed yesterday, subject to approval by the TSXV.

This news release shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.
