VANCOUVER, British Columbia -- (BUSINESS WIRE) -- [Kalimantan Gold Corporation](#) Limited (the "Company" or "KLG") is pleased to announce that it has appointed Dr. Peter John Pollard as Chairman of the Board and as a Director. Dr. Pollard, who is aged 60, has consulted widely on porphyry copper-gold and iron oxide copper-gold deposits. In addition, he has consulted on porphyry exploration programs in Australia, China, Indonesia, Iran, Kazakhstan, Mongolia, Peru, U.S.A. and Vietnam. Dr. Pollard is a consulting economic geologist with more than 20 years' experience and has been a technical advisor to the Company and the Company's Qualified Person for the purposes of signing off on NI 43-101 technical data for the past several years. As a result he is intimately familiar with the Company and its projects. He holds a PhD from James Cook University, Australia and is a Member of the Australasian Institute of Mining and Metallurgy and a Fellow of the Society of Economic Geologists. Prior to his appointment, Dr. Pollard owned 49,052 common shares and had 150,000 stock options in the Company. Dr. Pollard's status is as an independent director.

Dr. Pollard is currently also a director of Pollard Geological Services Pty Ltd, Hunter Bay Minerals Inc., G4G Resources Ltd and Mind2Market Pty Ltd. He was previously a director of Journey Resources Ltd.

The board change was facilitated following a request by Rahman Connelly to resign from the Board to pursue other interests. The Board of Directors takes this opportunity to thank Mr. Connelly for his unstinting support in all his past roles and particularly in leading the Company as Chief Executive and negotiating the current KSK copper joint venture with a subsidiary of Freeport McMoRan Exploration Company. The Directors wish him well in his next venture. Mr. Connelly will remain as an advisor to the board.

Peter Bojtos will remain on the Board as a non executive director. The Board of Directors takes this opportunity to thank Peter for his time as Chairman and the commitment he brought to the Chairman's role.

Mr. Connelly commented, "Having spent 12 years as a Director of the Company, including six years as it's CEO, it's time to move on as I have fresh business commitments to attend to and, from the Company's perspective, the appointment of Peter Pollard will bring with it a flow of new ideas and perspectives which, as a holder of a significant number of KLG shares, I welcome. During my time with KLG I have worked with a marvellous team of people, all of whom I have learnt from and take this opportunity to say a big 'thank you' to each and every one of them."

Pursuant to the Company's shareholder approved Stock Option Plan (the "Plan"), the Directors granted 2,000,000 Incentive Stock Options ("Options") to Directors and granted 3,950,000 Options to employees and consultants on a total of 5,950,000 shares of the Company's capital stock, exercisable between July 1, 2013 and July 1, 2018 at a price of \$0.10 per share, being the minimum price allowable under TSX Venture Exchange rules.
