13.08.2013 | [Marketwired](#)

TORONTO, Aug 13, 2013 - [Premier Royalty Inc.](#) (TSX:NSR) ("Premier Royalty" or the "Company") has released its unaudited results for the second quarter ended June 30, 2013.

Second Quarter Highlights Include:

- Royalty revenue of \$2.7 million
- 1,859 ounces of gold attributable to the Corporation
- Adjusted EBITDA of \$1.9 million(1)
- Operating cash flow of \$1.8 million and \$0.02 per share cash flow
- \$(\$0.09) per share net loss due to a \$8.7 million write down at Buffelsfontein
- Strong balance sheet with \$32 Million in cash at end of Q2; no debt

President and CEO Abraham Drost, P.Geo. stated that "in spite of difficult market conditions in the sector, the Company's royalty contracts delivered a 57% increase in attributable gold ounces in Q2 over Q1. The ounces were sold at an average weighted price of US\$1,425. Although we expect that the pending closure at Buffels will reduce ounces attributable by approximately 7% for the balance of 2013, we are pleased that outperformance at some of our other royalties such as on Newmont's Emigrant Springs Mine and the Aura Minerals operations may lead to improvements in guidance going forward."

2013 Outlook

Premier Royalty is forecasting attributable production of 6,500 to 7,000 ounces of gold in 2013 from its royalty portfolio which is based on Operator guidance.
