On July 26, 2013, the Company announced (the "**Default Notice**") that, for the reasons disclosed in the Default Notice, there would be a delay in the filing of its audited financial statements for the year ended March 31, 2013 and its related Management's Discussion and Analysis and Chief Executive Officer and Chief Financial Officer certifications for the year ended March 31, 2013 (collectively, the "**Required Filings**") beyond the 120 day period prescribed for the filing of such documents.

As a result of this delay in filing, on July 29, 2013, the British Columbia Securities Commission (the "**BCSC**"), the principal regulator of the Company, issued a management cease trade order (the "**MCTO**"), which imposed restrictions on all trading in securities of the Company by the Chief Executive Officer, the Chief Financial Officer and all the directors of the Company until the Company files the Required Filings and the BCSC makes an order revoking the MCTO. All other parties are permitted to freely trade the Company's securities.

Further to its press release of August 27, 2013, the Company continues to work towards bringing its manganese project at Serra do Navio into production with a targeted first shipment of manganese mineralized material in early October 2013.

Further to its press release of August 28, 2013, the Company has been pleased with the response to its proposed convertible debenture financing and will provide a further update regarding this financing shortly. As previously notified the proceeds of this financing will be used for completion of the company's audit for the year ended March 31, 2013, working capital purposes, and to maintain the company's existing operations, activities and assets

Until the Required Filings and, as notified in its press release of August 27, 2013, the Company's June 30th interim filing are filed, the Company intends to continue to satisfy the provisions of the Alternative Information Guidelines (the "**AIG**") specified in Section 4.4 of NP 12-203 by issuing bi-weekly Default Status Reports, each of which will be issued in the form of a news release. The Company intends to file, if required, its next Default Status Report by September 24, 2013.

Other than as previously disclosed there is no other material information concerning the affairs of the Company that has not been generally disclosed.
