

Metals Creek Resources Stakes additional Claims at Feagan Lake Graphite Project, NW Ontario

03.03.2014 | [The Newswire](#)

TORONTO, ONTARIO / TNW-ACCESSWIRE / 3 March 2014 / [Metals Creek Resources Corp.](#) ("Metals Creek" or "the Company") (TSX-V:MEK) is pleased to report that it has added to its current land position at the Feagan Lake project by staking an additional 60 units in four claims totaling 2372 Ha, approximately 5 kilometers due west of the Zenyatta's Albany "hydrothermal" graphite project.

These 60 claim units are 100% owned and were staked to cover several distinctive magnetic lows proximal to Zenyatta's graphite project. Magnetic lows are interpreted to be favorable geological settings to hosting potential hydrothermal graphite deposits.

Metals Creek plans to fly a magnetic - electromagnetic survey over the claims in the near future to determine if there are any strong electromagnetic conductive responses indicating the potential to host a possible hydrothermal graphite deposit.

Michael MacIsaac, P. Geo, VP Exploration for the Corporation and a qualified person as defined in National Instrument 43-101, is responsible for this release, and supervised the preparation of the information forming the basis for this release

About Metals Creek Resources Corp.

[Metals Creek Resources Corp.](#) is a junior exploration company incorporated under the laws of the Province of Ontario, is a reporting issuer in Alberta, British Columbia and Ontario, and has its common shares listed for trading on the Exchange under the symbol "MEK". The Ogden Property is held under a joint venture in which Metals Creek owns 50% and is the operator, and Goldcorp Canada Ltd. ("Goldcorp") owns 50% (as manager and on behalf of the Porcupine Joint Venture, a joint venture between [Goldcorp Inc.](#) and Goldcorp Canada Ltd.) and is located 6 km south of Timmins, Ontario. Metals Creek also holds approximately 15% interest in [Sokoman Iron Corp.](#) (TSX-V SIC). The Corporation has also recently made a new gold/silver discovery in the "White Gold District" on the Squid East project in the Yukon. Metals Creek is engaged in the identification, acquisition, exploration and development of other mineral resource properties, and presently has mining interests in Ontario, Yukon and Newfoundland and Labrador. Additional information concerning the Corporation is contained in documents filed by the Corporation with securities regulators, available under its profile at www.sedar.com.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
