

Duluth Metals Annual General Meeting to be Held at 10:00 AM EDT June 9th at Bennett Jones LLP

02.06.2014 | [CNW](#)

TORONTO, June 2, 2014 /CNW/ - [Duluth Metals Ltd.](#) ("Duluth Metals") (TSX: DM) (TSX:DM.U) is pleased to announce that the Duluth Metals Annual and Special Meeting of Shareholders will be held at the Bennett Jones LLP, Canada Boardroom, One First Canadian Place, 34th Floor, Toronto, Ontario M5X 1A4, Canada on Monday, June 9, 2014 at the hour of 10:00 a.m. EDT. An archived copy of the presentation will also be available on the Company website at www.duluthmetals.com after the meeting.

The meeting will include an update presentation on both the Twin Metals Minnesota Project and the Duluth Metals exploration program. The Twin Metals Minnesota Project is being advanced by Twin Metals Minnesota LLC, a joint venture company which is 60% owned by Duluth Metals and 40% owned by Antofagasta plc.

About Duluth Metals Limited

[Duluth Metals Ltd.](#) is committed to acquiring, exploring and developing copper, nickel and platinum group metal (PGM) deposits. Duluth Metals has a joint venture with Antofagasta plc on the Twin Metals Project, located within the rapidly emerging Duluth Complex mining camp in north-eastern Minnesota. The Duluth Complex hosts one of the world's largest undeveloped repositories of copper, nickel and PGMs, including the world's third largest accumulation of nickel sulphides, and one of the world's largest accumulations of polymetallic copper and platinum group metals. Aside from the joint venture, Duluth Metals retains a 100% position on approximately 40,000 acres of mineral interests on exploration properties adjacent to and nearby the Twin Metals Minnesota LLC joint venture.

This press release contains forward-looking statements (including "forward-looking information" within the meaning of applicable Canadian securities legislation and "forward-looking statements" within the meaning of the US Private Securities Litigation Reform Act of 1995) relating to, among other things, the Duluth Complex mining camp. Duluth Metals has relied on a number of assumptions and estimates in making such forward-looking statements, including, without limitation, the prices of copper, nickel and platinum group metals (PGMs) and the costs associated with continuing exploration and mining development. Such assumptions and estimates are made in light of the trends and conditions that are considered to be relevant and reasonable based on information available and the circumstances existing at this time. A number of risk factors may cause actual results, level of activity, performance or outcomes of such exploration and/or mine development to be materially different from those expressed or implied by such forward-looking statements including, without limitation, whether such discoveries will result in commercially viable quantities of such mineralized materials, the possibility of changes to project parameters as plans continue to be refined, the ability to execute planned exploration and future drilling programs, possible variations of copper, nickel and PGM grade or recovery rates, the need for additional funding to continue exploration efforts, changes in general economic, market and business conditions, and those other risks set forth in Duluth Metals' most recent annual information form under the heading "Risk Factors" and in its other public filings. Forward-looking statements are not guarantees of future performance and such information is inherently subject to known and unknown risks, uncertainties and other factors that are difficult to predict and may be beyond the control of Duluth Metals. Although Duluth Metals has attempted to identify important risks and factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors and risks that cause actions, events or results not to be as anticipated, estimated or intended. Consequently, undue reliance should not be placed on such forward-looking statements. In addition, all forward-looking statements in this press release are given as of the date hereof. Duluth Metals disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, save and except as may be required by applicable securities laws. The forward-looking statements contained herein are expressly qualified by this disclaimer.
