

Alpha Receives TSX Venture Exchange Approval for Option on Kelic Lake Uranium Property, Athabasca Basin, Saskatchewan

15.09.2014 | [Newsfile](#)

Vancouver, British Columbia -- (Newsfile Corp. - September 15, 2014) - [Alpha Exploration Inc.](#) (TSX-V: AEX) ("Alpha", "AEX" or the "Company") is pleased to announce that the TSX Venture Exchange has accepted for filing an option agreement for the Kelic Lake Uranium Property (the "Property", see news release dated September 3, 2014).

The Property is located along the inferred southern margin of the Athabasca Basin (see location map provided at the Company's website at www.alpha-aex.com). This property will benefit from the Company's focus and expertise on properties of similar setting and potential, including Patterson Lake South deposit to the west, and the Carpenter Lake Property to the east.

The Company has initiated compilation of historical and current exploration data towards prioritizing target areas and formulating plans for both airborne geophysics and surface exploration this fall. Details will be provided when programs and budgets are approved.

Under the terms of the option, AEX may earn a 100% interest in the Property by making cash payments totalling \$80,000; issuing a total of 1,000,000 common shares; and completing a total of \$750,000 worth of exploration expenditures, all in stages prior to December 14, 2016. The optionors shall retain a 2.5% royalty on production from the Property, which can be reduced, at the option of AEX, to a 1% royalty by payment of the sum of \$1,500,000 to the optionors at any time prior to commencement of commercial production.
