About Skyharbour Resources Ltd.:

Skyharbour Resources Ltd. is a uranium exploration company and the operator of the Western Athabasca Syndicate which controls a large, geologically prospective land package consisting of five properties (287,130 hectares or 709,513 acres) in the Athabasca Basin of Saskatchewan. Approx. $3,750,000 of the planned $6,000,000 in combined exploration expenditures over a two year period has been invested in the properties thus far, the bulk of which is being funded by the three partner companies. Skyharbour also owns a 100% interest in the Way Lake Uranium project on the east side of the Basin which hosts an NI 43-101 compliant inferred resource totaling 7.0 million pounds of U_3O_8 at 0.03% and 5.3 million pounds of ThO_2 at 0.023%. Skyharbour owns a 60% interest in the Mann Lake Uranium project on the east side of the Basin strategically located 25 km southwest of Cameco's McArthur River Mine. The Company has 57 million shares outstanding with insiders owning over 20% of the outstanding shares. Skyharbour's goal is to maximize shareholder value through new mineral discoveries, committed long-term partnerships, and the advancement of exploration projects in geopolitically favourable jurisdictions.
