

VANCOUVER, BRITISH COLUMBIA--(Marketwired - Oct 6, 2015) - [Pacific Ridge Exploration Ltd.](#) (TSX VENTURE:PEX) ("Pacific Ridge" or the "Company") reports that it has completed a 12 hole, 655.3 m rotary air blast ("RAB") drill program at its Mariposa, White Gold District, Yukon gold property. Assay results will be released upon receipt.

About Pacific Ridge (see also <http://www.pacificridgeexploration.com>)

Pacific Ridge is a mineral exploration company with a successful history of over 30 years. It holds a well-located project portfolio in Yukon's White Gold District, in the same geological environment as Kaminak Gold's Coffee Gold Project and Kinross Gold's White Gold deposit. The Company's 280 km² Mariposa gold project covers the prolific Scroggie and Mariposa placer gold creeks located east of the Coffee Gold Project. Mariposa has seen a \$6 million program of soil sampling, trenching and drilling carried out over the past five years. In addition the Company's 49 km² Gold Cap property adjoins the Kinross White Gold deposit and the 33 km² Eureka Dome property is drained by several placer gold bearing creeks.

The Company's 100 percent owned Fyre Lake copper-gold-cobalt massive sulphide project in the Yukon's Finlayson Lake District is under option to MinQuest Limited ("MinQuest"), a publicly listed Australian company. A NI 43-101 compliant mineral resource estimate of the Kona Deposit reported in 2006 includes an indicated mineral resource of 3.571 million tonnes grading 1.57% copper, 0.10% cobalt and 0.61 grams gold per tonne at a 1% copper cut-off grade. In addition, an inferred mineral resource, at the same cut-off grade, includes 5.361 million tonnes grading 1.48% copper, 0.08% cobalt and 0.53 grams gold per tonne. These estimates were prepared by D. Blanchflower, P.Geo., of Minorex Consulting Ltd., who is the qualified person for this purpose. MinQuest is now preparing for a 2015 through 2016 exploration program at Fyre Lake that is planned to include geological mapping, soil sampling and infill and extensional drilling with the objective of increasing the size of the Kona resource. MinQuest also plans to test priority drill targets within the Fyre Lake Property that hold potential for discovery of additional copper-gold massive sulphide mineralization.

On behalf of the Board of Directors,

Gerald G. Carlson, President & CEO

Forward-Looking Information: This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address exploration drilling and other activities and events or developments that [Pacific Ridge Exploration Ltd.](#) ("Pacific Ridge") expects to occur, are forward-looking statements. Forward-looking statements in this news release include statements regarding the placements and future exploration plans and expenditures. Although Pacific Ridge believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those forward-looking statements. Factors that could cause actual results to differ materially from those in forward looking statements include market prices, exploration successes, and continued availability of capital and financing and general economic, market or business conditions. These statements are based on a number of assumptions including, among other things, assumptions regarding general business and economic conditions, the timing and receipt of regulatory and governmental approvals for the transactions described herein, the ability of Pacific Ridge and other parties to satisfy stock exchange and other regulatory requirements in a timely manner, the availability of financing for Pacific Ridge's proposed transactions and programs on reasonable terms, and the ability of third party service providers to deliver services in a timely manner. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Pacific Ridge does not assume any obligation to update or revise its forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law.
