About Alaris

The Corporation provides alternative financing to a diversified group of private companies ("Private Company Partners") in exchange for royalties or distributions from the Private Company Partners, with the principal objective of generating stable and predictable cash flows for dividend payments to its shareholders. Royalties or distributions to Alaris from the Private Company Partners are structured as a percentage of a "top line" financial performance measure such as gross margin, same clinic sales, gross revenues and same-store sales and rank in priority to the owners' common equity position.
