The Exchange Offers are being made only to Eligible Holders (as defined below). Eligible Holders must validly tender (and not withdraw) their Existing Notes at or prior to 5:00 p.m., New York City time, on December 15, 2015 (the "Early Tender Date"), in order to be eligible to receive the applicable "Early Tender Exchange Consideration" shown in the table above. Existing Notes tendered after the Early Tender Date but prior to the Expiration Date (as defined below) will be eligible to receive only the applicable "Late Tender Exchange Consideration" set out in such table.

The Exchange Offers will expire at 11:59 p.m., New York City time, on December 30, 2015 (the "Expiration Date"). The settlement date will occur promptly after the Expiration Date and is expected to occur on December 31, 2015 (the "Final Settlement Date"), subject to all conditions to the Exchange Offers having been satisfied or waived by the Company. The Company may elect, in its sole discretion, to settle the Exchange Offers for any or all series of Existing Notes validly tendered prior to the Early Tender Date (and not validly withdrawn) at any time after the Early Tender Date and prior to the Expiration Date (the "Early Settlement Date"), subject to all conditions to the Exchange Offers having been satisfied or waived by the Company.

Eligible Holders of Existing Notes accepted for exchange in the Exchange Offers will also receive a cash payment equal to the accrued and unpaid interest on such Existing Notes from the applicable latest interest payment date to, but not including, the applicable settlement date. Interest on the Second Lien Notes will accrue from the date of first issuance of Second Lien Notes.

Tenders may be validly withdrawn at any time on or prior to 5:00 p.m., New York City time, on December 15, 2015, but not thereafter unless required by law. The Company may, but is not obligated to, increase the Maximum Exchange Amount without extending the Early Tender Date or reinstating withdrawal rights.

In the event that the Exchange Offers are oversubscribed, the principal amounts of each series of Existing Notes that are

accepted will be determined in accordance with the "Acceptance Priority Levels" set forth on the table above, with 1 being the highest Acceptance Priority Level and 6 being the lowest Acceptance Priority Level. Accordingly, all Existing Notes with an Acceptance Priority Level 1 will be accepted before any Existing Notes with an Acceptance Priority Level 2, and so on, until the Maximum Exchange Amount is allocated. Once all Existing Notes tendered in a certain Acceptance Priority Level have been accepted, Existing Notes from the next Acceptance Priority Level may be accepted. If the remaining portion of the Maximum Exchange Amount is adequate to exchange some but not all of the aggregate principal amount of Existing Notes tendered within the next Acceptance Priority Level, Existing Notes tendered for exchange in that Acceptance Priority Level will be accepted on a pro rata basis, based on the aggregate principal amount of Existing Notes tendered with respect to that Acceptance Priority Level (with multiple series at a particular Acceptance Priority Level being treated collectively), and no Existing Notes with a lower Acceptance Priority Level will be accepted for exchange.

Notwithstanding the foregoing, all Existing Notes that are tendered for exchange in an Exchange Offer on or before the Early Tender Date will have priority over Existing Notes that are tendered for exchange after the Early Tender Date, even if such Existing Notes tendered after the Early Tender Date have a higher Acceptance Priority Level than Existing Notes tendered on or before the Early Tender Date and even if the Company does not elect to have an Early Settlement Date. If the principal amount of Existing Notes validly tendered on or before the Early Tender Date constitutes a principal amount of Existing Notes that, if accepted by the Company, would result in the issuance of Second Lien Notes having an aggregate principal amount equal to or in excess of the Maximum Exchange Amount, the Company will not accept any Existing Notes tendered for exchange after the Early Tender Date, regardless of the Acceptance Priority Level of such Existing Notes, unless the Company increases the Maximum Exchange Amount.

The Second Lien Notes will be unconditionally guaranteed, jointly and severally, on a senior basis, by certain subsidiaries of the Company. The Second Lien Notes will be secured by second-priority liens on all of the Company's and the guarantors' assets that secure indebtedness, including under the Company's existing credit facility (the "Credit Facility"), on a first-priority basis, subject to certain exceptions. Any Existing Notes that remain outstanding after the Exchange Offers will be effectively subordinated to the Second Lien Notes to the extent of the value of the collateral for the Second Lien Notes.

The Second Lien Notes will be denominated in U.S. dollars. An equivalent U.S. dollar principal amount of the euro-denominated Existing Notes, based on the Bloomberg EURUSD Spot Exchange Rate as of 5:00 p.m., New York City time, on December 11, 2015, will be used when determining the consideration to be received per \$1,000 principal amount of such Existing Notes tendered.

The Exchange Offers are conditioned on the satisfaction or waiver of certain customary conditions, as described in the offering memorandum. The Exchange Offers are not conditioned upon any minimum amount of Existing Notes being tendered. The Company may terminate, withdraw, amend or extend any of the Exchange Offers.

The Exchange Offers will only be made, and the offering memorandum and other documents relating to the Exchange Offers will only be distributed to, holders who complete and return an eligibility form confirming that they are (i) "qualified institutional buyers" as defined in Rule 144A under the Securities Act of 1933, as amended ("Securities Act"), or (ii) outside the United States and persons other than "U.S. persons" as defined in Rule 902 under the Securities Act (such persons, "Eligible Holders"). Holders who desire to obtain and complete an eligibility form should either visit the website for this purpose at <http://www.gbhc-usa.com/eligibility/Chesapeake> or call Global Bondholder Services Corporation, the Information Agent and Depositary for the Exchange Offers at (866) 470-4300 (toll-free) or (212) 430-3774 (collect for banks and brokers).

The Company is making the Exchange Offers only to Eligible Holders through, and pursuant to, the terms of the confidential offering memorandum and related letter of transmittal. The Company and its affiliates do not make any recommendation as to whether Eligible Holders should tender or refrain from tendering their Existing Notes. Eligible Holders must make their own decision as to whether to tender Existing Notes and, if so, the principal amount of the Existing Notes to tender. The Exchange Offers are not being made to holders of Existing Notes in any jurisdiction in which the making or acceptance thereof would not be in compliance with the securities, blue sky or other laws of such jurisdiction.

The securities to be offered have not been registered under the Securities Act or any state securities laws; and unless so registered, the securities may not be offered or sold in the United States or to U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. This press release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities, in any jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.
