Rambler Completes its 13th Shipment of High Grade Copper Concentrate

London, England & Baie Verte, Newfoundland and Labrador, Canada - Rambler Metals and Mining plc (TSX-V: RAB; AIM: RMM) ('Rambler' or the 'Company') today announces that it has delivered approximately 5,500 wet metric tonnes ('wmt') of copper and gold concentrate from its facility in Goodyear's Cove, NL, Canada.

The Company's internal sampling estimates an average grade for the shipment of 27 per cent copper, 15 grammes per tonne gold and 96 grammes per tonne silver. By concentrate standards this is a high quality product with little in the way of deleterious materials.

This is the thirteenth shipment completed to date since declaring commercial production, bringing the total concentrate delivered to approximately 83,500 wmt.

Following the shipment, the Company had approximately 200 wmt of concentrate in storage at its Goodyear's Cove Facility.
