The Basic Materials sector is slowly stabilizing after having hit rough waters at the start of the year. However, challenges, such as inconsistencies in supply and demand, economic slowdown, and low prices, are expected to continue hampering the industry growth. In light of these, Stock-Callers.com takes a brief technical look at how each of the companies mentioned above have fared over the last few trading sessions. ## Stock Callers:

Stock Callers (SC) produces regular sponsored and non-sponsored reports, articles, stock market blogs, and popular investment newsletters covering equities listed on NYSE and NASDAQ and micro-cap stocks. SC has two distinct and independent departments. One department produces non-sponsored analyst certified content generally in the form of press releases, articles and reports covering equities listed on NYSE and NASDAQ and the other produces sponsored content (in most cases not reviewed by a registered analyst), which typically consists of compensated investment newsletters, articles and reports covering listed stocks and micro-caps. Such sponsored content is outside the scope of procedures detailed below.

SC has not been compensated; directly or indirectly; for producing or publishing this document.

## PRESS RELEASE PROCEDURES:

The non-sponsored content contained herein has been prepared by a writer (the "Author") and is fact checked and reviewed by a third party research service company (the "Reviewer") represented by a credentialed financial analyst [for further information on analyst credentials, please email [info@stock-callers.com](mailto:info@stock-callers.com). Rohit Tuli, a CFA® charterholder (the "Sponsor"), provides necessary guidance in preparing the document templates. The Reviewer has reviewed and revised the content, as necessary, based on publicly available information which is believed to be reliable. Content is researched, written and reviewed on a reasonable-effort basis. The Reviewer has not performed any independent investigations or forensic audits to validate the information herein. The Reviewer has only independently reviewed the information provided by the Author according to the procedures outlined by SC. SC is not entitled to veto or interfere in the application of such procedures by the third-party research service company to the articles, documents or reports, as the case may be. Unless otherwise noted, any content outside of this document has no association with the Author or the Reviewer in any way.

## NO WARRANTY

SC, the Author, and the Reviewer are not responsible for any error which may be occasioned at the time of printing of this document or any error, mistake or shortcoming. No liability is accepted whatsoever for any direct, indirect or consequential loss arising from the use of this document. SC, the Author, and the Reviewer expressly disclaim any fiduciary responsibility or liability for any consequences, financial or otherwise arising from any reliance placed on the information in this document. Additionally, SC, the Author, and the Reviewer do not (1) guarantee the accuracy, timeliness, completeness or correct sequencing of the information, or (2) warrant any results from use of the information. The included information is subject to change without notice.

## NOT AN OFFERING

This document is not intended as an offering, recommendation, or a solicitation of an offer to buy or sell the securities mentioned or discussed, and is to be used for informational purposes only. Please read all associated disclosures and disclaimers in full before investing.
