

CARDSTON, ALBERTA--(Marketwired - July 22, 2016) - American Creek Resources Ltd. (TSX VENTURE:AMK) ("American Creek") is pleased to report that its JV partner, [Tudor Gold Corp.](#) (TSX VENTURE:TUD) ("Tudor") is expanding the previously announced 2016 exploration program on the Electrum Property in the "Golden Triangle" of NW British Columbia 45km north of Stewart.

American Creek and Tudor recently entered into a joint venture agreement with Tudor holding a 60% interest and American Creek holding a 40% interest in the project. Tudor is the operator.

Past work on the property resulted in the discovery of extremely high grade gold, silver and electrum veins on surface and at depth (see American Creek website for details).

The Electrum Project (includes historic East Gold Mine) is located approximately 25km south of Pretivm's Brucejack Gold Mine, near past operating mines including the Riverside, Scotty Gold, Granduc, Big Missouri and Silbak-Premier. The Electrum is road accessible and is only 45km from world class concentrate shipping port facilities located in Stewart. Also, a new power line running up the valley beside the Electrum property is now being constructed by Pretivm Resources.

[American Creek Resources Ltd.](#) is a Canadian junior mineral exploration company focused on the acquisition, exploration and development of mineral deposits within the Province of British Columbia, Canada.

Information relating to the Corporation is available on its website at [www.americancreek.com](http://www.americancreek.com).
