

NOT FOR DISSEMINATION IN THE UNITED STATES OF AMERICA

[Rupert Resources Ltd.](#) ("Rupert" or the "Company") (TSX VENTURE:RUP) announces that it has closed the first tranche of its previously announced non-brokered private placement of up to 17,692,307 common shares of the Company (the "Common Shares") to be issued at a price of \$0.65 per Common Share (the "Private Placement"), for gross proceeds of up to \$11,500,000.

The first tranche of the Private Placement that closed today consisted of 13,053,845 Common Shares for gross proceeds of \$8,485,000. The Company expects to close the remainder of the Private Placement within the next week.

The securities issued in connection with the Private Placement (including the First Tranche) will be subject to a four-month hold period, in accordance with applicable securities laws.

The net proceeds from the Private Placement will be used in connection with the previously announced Phase 2 of its exploration program and certain capital programs associated with returning the permitted Pahtavaara mine to production.

Under the first tranche of the Private Placement, Alan Brimacombe, an insider of the Company (on the basis that he holds more than 10% of the issued and outstanding Common Shares) purchased 500,000 Common Shares and now owns and controls approximately 17.8% of the issued and outstanding Common Shares (Mr. Brimacombe would hold approximately 16.9% of this issued and outstanding Common Shares upon completion of the full Private Placement). Additionally, under the first tranche of the Private Placement, Gordon Chmilar, the Corporate Secretary of the Company purchased 48,116 Common Shares and now owns and controls approximately 0.05% of the issued and outstanding Common Shares. Their participation in the Private Placement constitutes a "related party transaction" as defined in Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transaction* ("MI 61-101"), which has been adopted by the TSX Venture Exchange pursuant to its Policy 5.9 - *Protection of Minority Security Holders in Special Transaction*. These transactions are exempt from the formal valuation and minority shareholder approval requirements of such instrument and policy, pursuant to the distribution of securities for cash, fair market value not more than 25 per cent of market capitalization and fair market value not more than \$2,500,000 exemptions as set forth in MI 61-101.

The Company did not file a material change report more than 21 days before the expected closing of the Private Placement as the details of the participation therein by related parties of the Company were not settled until shortly prior to closing of the Private Placement and the Company wished to close on an expedited basis for sound business reasons.

The securities being offered pursuant to the Private Placement have not been, nor will they be registered under the United States Securities Act of 1933, as amended, or state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons absent U.S. federal and state registration or an applicable exemption from the U.S. registration requirements. This release does not constitute an offer for sale of, or a solicitation of an offer to buy, the securities in the United States.

About Rupert
