

EnerCom Dallas, Mar. 1-2, features 40 leading oil and gas E&Ps, energy technology and commodities experts

DENVER, CO--(Marketwired - Feb 24, 2017) - On March 1 at 7:00 a.m. CST the EnerCom Dallas oil and gas investment conference will open its doors, allowing institutional investors an early 2017 opportunity to hear leading independent oil and gas producers and oilfield technology companies discuss their plans to drive growth and development of their oil and gas assets in 2017.

In addition, the conference features several popular energy, markets and commodities experts including Mike Carey of Credit Agricole CIB, Frederik Andersen of DNB Bank ASA, Brian Lidsky of PLS Inc., Tom Petrie of Petrie Partners, Joe Blice and Lori Mettill of Hein & Associates and Art Hogan of Wunderlich Securities.

The conference follows EnerCom's familiar 25-minute CEO presentation format, with Q&A opportunities in separate breakout rooms, one-on-one company meeting opportunities, networking opportunities and global insight delivered by leading energy economists and market strategists.

By the basin

Presenting companies represent the industry's smartest engineers and the industry's latest thinking on how to develop assets in the top producing basins. EnerCom Dallas also provides a look at the latest oilfield technologies that E&Ps are using to improve well economics, maximize production, and assess oil and gas field economics for potential asset acquisitions/lending.

A complete work in progress list of presenters is available at the Presenter Schedule tab on the EnerCom Dallas conference website.

About PLS

PLS was started in 1987 to adapt the real estate industry's highly effective MLS (multiple listing service) for the oil and gas industry. The firm takes its name from the simple concept of a "Petroleum Listing Service" but PLS has since expanded to provide operators and investors the information, marketing and advisory services they need to better manage their portfolios and facilitate profitable transactions.

To that end, PLS publishes various listings, news and research reports; offers proprietary databases; hosts prospect and property expos; brokers and direct markets properties, prospects, overrides and midstream assets for sellers seeking additional services; and provides advisory and consulting services on an as needed or project basis.

In total, over 2,000 independent companies and their 10,000+ professionals subscribe to one or more of PLS Core Reports, Regional Reports or Premium and Proprietary Databases. In addition, PLS divestment arm is one of the largest handlers of oil

and gas asset sales in the mid to under market. Overall, PLS has handled over 900 projects worth an aggregate of \$5.0 billion while its advisory arm has done over \$1.0 billion in deals and continues to support clients in sourcing new opportunities and capital markets.

About DNB ASA

DNB is Norway's largest financial services provider, with total assets approaching \$400 billion. The bank has for years been a major provider of capital to the oil & gas industry, growing up literally side by side with the highly prolific fields developed in the Norwegian Sector of the North Sea. The Oslo Energy Office maintains a global financing strategy, and serves this market through multiple offices around the world including Houston, London and Singapore.

Energy Americas, based in Houston, comprises approximately 20 seasoned energy finance professionals. Aside from facilitating the bank's global business strategies, the office concentrates primarily on serving middle market and larger customers in the four principal oil & gas sectors -- upstream, midstream, downstream and service -- as well as in Power and Renewables. The bank offers a variety of financial products, from traditional oil & gas reserve financing, to longer-term capital markets transactions and merger/acquisition advisory services through its broker-dealer arm, DNB Markets, Inc. Ancillary service capabilities include cash management/depository services, as well as commodity and interest rate hedging.

For information on DNB's energy services, please visit the DNB energy website.

About Haynes and Boone

Oil and gas is and has always been a volatile business, and today's environment is no exception. Haynes and Boone, LLP is an energy-focused corporate law firm, providing a full spectrum of legal services to our clients across the oil and gas industry, including the upstream, midstream, and downstream sectors. Evidence of our commitment to the industry is our opening of our Denver office this year to better serve our energy clients along with our existing offices in Texas, New York, California, Washington, D.C., Shanghai and Mexico City. Haynes and Boone lawyers from all offices work as a team to meet the legal needs of our domestic and international clients involved in oil and gas. We represent domestic and foreign public and private companies engaged in the dynamic day-to-day work of finding and extracting energy in the form of oil and gas and the banks, investment funds and other investors that support them.

Our team of more than 100 energy lawyers, landmen and analysts understands the domestic and international physical and financial energy markets, and the firm has been helping both operators and lenders complete some of the largest financings in 2015/2016. With more than 550 attorneys, Haynes and Boone is ranked among the largest law firms in the nation by The National Law Journal.
