26.01.2018 | [GlobeNewswire](#)

DENVER, Jan. 26, 2018 (GLOBE NEWSWIRE) -- [Resolute Energy Corp.](#) ("Resolute" or the "Company") (NYSE:REN) today issued the following statement in response to the public filing of a Schedule 13D and the issuance of a letter to the Board of Directors of Resolute by Monarch Alternative Capital LP:

Resolute welcomes open communications with its stockholders and considers input that may advance the Company's goal of enhancing value. While it is the Company's policy not to comment on specific discussions with stockholders, it is important to note that members of Resolute's senior management team have held multiple discussions with Monarch to better understand its views.

While we expect communications with Monarch may continue, the Company is focused on executing its proven strategy to enhance value for all Resolute stockholders. With the completion of the 2017 Bronco acquisition, the recent closing of the sale of Resolute's Aneth Field properties, and the success of our 2017 drilling program, we have completed our strategic transformation to a growing Delaware Basin pure play producer.

As we move forward, we intend to concentrate on accelerating our development program, generating strong production and cash flow growth, reducing our cost structure and delivering among the best returns on capital in the Permian Basin, all while strengthening our balance sheet. The Resolute Board and management team are confident that we are well positioned to create significant value for stockholders.
