Vancouver - [Barksdale Capital Corp.](#) (TSX-V: BRO) ("Barksdale" or the "Company") is pleased to announce that it has entered into a binding letter agreement to acquire, by way of option (the "Option"), a 100% undivided interest in the Four Metals property ("Four Metals") located in Santa Cruz County, Arizona.

Rick Trotman, Barksdale's President and CEO commented: "Four Metals is a strategic acquisition that further expands Barksdale's holdings within the Patagonia Mountains. As we continue to advance our flagship Sunnyside property to drill-ready status the team at Barksdale will continue to add value for our shareholders by further consolidating this world-class base metal district."

Four Metals consists of a contiguous block of 40 unpatented lode claims (804 acres) located approximately 3km south of Sunnyside (Figure 1). The property is an exploration stage asset that has seen episodic periods of small scale copper mining (1860's – 1920's) along with successive periods of exploration drilling (1920's to early 2010's). Previous underground and surface exploration drilling has outlined a copper-molybdenum deposit, hosted within a mineralized breccia pipe, which has been tested from surface to approximately 180 meters depth and remains open in multiple directions.

All the unpatented load claims at both Four Metals and Sunnyside are located on public lands administered by the US Forest Service.

Option Terms

To exercise the Option and acquire 100% ownership of Four Metals, Barksdale must make option payments totaling US\$450,000 (the "Option Payments") to MinQuest Ltd ("Minquest") in cash and common shares of Barksdale (based on the market price of the Company's shares at the time of issue) over a period of five years as follows:

Date	Total Option Payment Due	Portion of Option Payment Payable in Cash	Portion of Option Payment Payable in Shares
Upon execution of formal Option Agreement	US\$25,000	US\$25,000	N/A
First anniversary of Option Agreement	US\$50,000	US\$25,000	US\$25,000
Second anniversary of Option Agreement	US\$50,000	US\$25,000	US\$25,000

TOTAL	US\$450,000	US\$225,000	US\$225,000

In addition, Barksdale has agreed to reimburse MinQuest for certain 2017/2018 land holding costs on Four Metals in the aggregate amount of US\$6,215.

The Option is subject to the Company completing a satisfactory confirmation due diligence and title review of Four Metals and acceptance of the TSX Venture Exchange. Execution of a formal option agreement and

closing of the transaction is scheduled to take place on or about March 15, 2018.
