FORWARD LOOKING STATEMENTS

This news release contains forward-looking statements as defined under applicable securities laws. Statements other than statements of historical fact contained in this news release may be forward-looking statements under applicable securities legislation, including, without limitation, management's expectations, intentions and beliefs concerning: the impact of the ccComm Contribution and additional ccComm distributions. To the extent any forward-looking statements herein constitute a financial outlook, they were approved by management as of the date hereof and have been included to provide an understanding with respect to Alaris' financial performance and are subject to the same risks and assumptions disclosed herein. There can be no assurance that the plans, intentions or expectations upon which these forward looking statements are based will occur.

By their nature, forward-looking statements require Alaris to make assumptions and are subject to inherent risks and uncertainties. Assumptions about the performance of the Canadian and U.S. economies over the next 24 months and how that will affect Alaris's business and that of its Partners are material factors considered by Alaris management when setting the outlook for Alaris. Key assumptions include, but are not limited to, assumptions that the Canadian and U.S. economies will grow moderately over the next 12 months, that interest rates will not rise in a material way over the next 12 to 24 months, that Alaris will achieve the benefits of any concessions or relief measures provided to any Partners, that the Partners will continue to make distributions to Alaris as and when required and in line with management's expectations, that the businesses of the Partners will continue to grow and that Alaris will have the ability to raise required equity and/or debt financing on acceptable terms. Management of Alaris has also assumed that capital markets will remain stable and that the Canadian dollar will remain in a range of approximately plus or minus 10% relative to the U.S. dollar over the next twelve months. In determining expectations for

economic growth, management of Alaris primarily considers historical economic data provided by the Canadian and U.S. governments and their agencies.

There can be no assurance that the assumptions, plans, intentions or expectations upon which these forward looking statements are based will occur. Forward looking statements are subject to risks, uncertainties and assumptions and should not be read as guarantees or assurances of future performance. The actual results of the Corporation and the Partners could materially differ from those anticipated in the forward looking statements contained herein as a result of certain risk factors, including, but not limited to, the following: the dependence of Alaris on the Partners; reliance on key personnel; general economic conditions; failure to complete or realize the anticipated benefit of Alaris's financing arrangements with the Partners; a failure of the Corporation or any Partners to obtain required regulatory approvals on a timely basis or at all; changes in legislation and regulations and the interpretations thereof; risks relating to the Partners and their businesses, including, without limitation, a material change in the operations of a Partner or the industries they operate in; inability to close additional Partner contributions in a timely fashion, or at all; a change in the ability of the Partners to continue to pay Alaris's preferred distributions; a change in the unaudited information provided to the Corporation; a failure to achieve resolutions for outstanding issues with Partners on terms materially in line with management's expectations; and a failure to realize the benefits of any concessions or relief measures provided by Alaris to any Partner or to successfully execute an exit strategy for a Partner where desired. Additional risks that may cause actual results to vary from those indicated are discussed under the heading "Risk Factors" and "Forward Looking Statements" in the Corporation's Management Discussion and Analysis for the year ended December 31, 2017, which is filed under the Corporation's profile at www.sedar.com and on its website at www.alarisroyalty.com.

Accordingly, readers are cautioned not to place undue reliance on any forward-looking information contained in this news release as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward-looking statements. Statements containing forward-looking information reflect management's current beliefs and assumptions based on information in its possession on the date of this news release. Although management believes that the assumptions reflected in the forward-looking statements contained herein are reasonable, there can be no assurance that such expectations will prove to be correct.
