

# Lucara Announces Appointment of Vice President of Corporate Development and Strategy

13.06.2018 | [CNW](#)

VANCOUVER, June 13, 2018 /CNW/ - (LUC &#8211; TSX, LUC &#8211; BSE, LUC &#8211; Nasdaq Stockholm)

[Lucara Diamond Corp.](#) ("Lucara" or the "Company") is pleased to announce the appointment of Ayesha Hira as Lucara's Vice President of Corporate Development and Strategy, effective immediately.

Ayesha Hira is an experienced executive who began her career as a Canadian geologist. Working initially in diamond, base metals and gold exploration, she transitioned to capital markets working with mining companies listed in North America, Australia, South Africa, UK and Europe, and dealing with a global buy side client base. As Lucara's Vice President of Corporate Development and Strategy, Ms. Hira's primary responsibilities will be investigating strategic growth opportunities including mergers and acquisitions. She will also be integral in assisting the CEO with corporate communications and shareholder relations.

Eira Thomas, President & CEO commented: "As a geologist turned banker, Ms. Hira injects important skills and experience into our business at the right time. She is ideally suited to leading an assessment of potential growth opportunities for Lucara going forward. She will also play an important role in strengthening our approach to corporate communications and shareholder relations for both Lucara and Clara."

Eira Thomas  
President and Chief Executive Officer

## ABOUT LUCARA

Lucara is a leading independent producer of large exceptional quality Type IIa diamonds from its 100% owned Karowe Mine in Botswana. The Company has an experienced board and management team with extensive diamond development and operations expertise. The Company operates transparently and in accordance with international best practices in the areas of sustainability, health and safety, environment and community relations.

## ABOUT CLARA

Clara Diamond Solutions (Clara), wholly owned by [Lucara Diamond Corp.](#), is a secure, digital sales platform that uses proprietary analytics together with cloud and blockchain technologies to modernize the existing diamond supply chain, driving efficiencies, unlocking value and ensuring diamond provenance from mine to finger.

The information in this release is accurate at the time of distribution but may be superseded or qualified by subsequent news releases.

Certain of the statements made and contained herein and elsewhere constitute forward-looking statements as defined in applicable securities laws. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "expects", "anticipates", "believes", "intends", "estimates", "potential", "possible" and similar expressions, or statements that events, conditions or results "will", "may", "could" or "should" occur or be achieved.

There can be no assurance that such forward looking statements will prove to be accurate, as the Company's results and future events could differ materially from those anticipated in this forward-looking information as a result of those factors discussed in or referred to under the heading "Risks and Uncertainties" in the Company's most recent Annual Information Form available at <http://www.sedar.com>, as well as changes in general business and economic conditions, changes in interest and foreign currency rates, the supply and demand for, deliveries of and the level and volatility of prices of rough diamonds, costs of power and diesel, acts of foreign governments and the outcome of legal proceedings, inaccurate geological and recoverability assumptions (including with respect to the size, grade and recoverability of mineral reserves and resources), and unanticipated operational difficulties (including failure of plant, equipment or processes to operate in accordance with specifications or expectations, cost escalations, unavailability of materials and equipment, government action or delays in the receipt of government approvals, industrial disturbances or other job actions, adverse weather conditions, and unanticipated events relating to health safety and environmental matters).
