About American Creek

American Creek is a Canadian junior mineral exploration company with a strong portfolio of gold and silver properties in British Columbia, Canada.

Three of those properties are located in BC's prolific "Golden Triangle"; the Treaty Creek and Electrum joint venture projects with Tudor Gold/Walter Storm as well as the 100% owned past producing Dunwell Mine.

The Treaty Creek Project is a Joint Venture with Tudor Gold owning 60% and acting as operator. American Creek and Teuton Resources each have 20% interests in the project. American Creek and Teuton are both fully carried until such time as a Production Notice is issued, at which time they are required to contribute their respective 20% share of development costs. Until such time, Tudor is required to fund all exploration and development costs while both American Creek and Teuton have "free rides".

Tudor is presently conducting a major drill program at Treaty Creek with the objective being to define a significant maiden gold resource.

American Creek is also presently conducting a drill program on its 100% owned Dunwell Mine project located just outside of Stewart.

The Corporation also holds the Gold Hill, Austruck-Bonanza, Ample Goldmax, Silver Side, and Glitter King properties located in other prospective areas of the province.
