TORONTO, Oct. 07, 2019 - [North American Palladium Ltd.](#) ("NAP" or the "Company") (TSX:PDL) (OTC PINK:PALDF) is pleased to announce that it has entered into a definitive arrangement agreement (the "Arrangement Agreement") pursuant to which [Impala Platinum Holdings Ltd.](#) ("Implats") (JSE:IMP) will acquire 100% of NAP's issued and outstanding common shares for total cash consideration of approximately C\$1.0 billion (the "Transaction").

Under the terms of the Arrangement Agreement, shareholders of NAP, other than Brookfield (defined below), will receive C\$19.74 per NAP common share (the "Minority Shareholder Consideration") in cash and Brookfield Business Partners L.P. (together with its institutional partners, collectively "Brookfield"), as the majority shareholder of NAP, will receive C\$16.00 per NAP common share in cash. The Minority Shareholder Consideration represents a premium of 15% to NAP's 30-day volume-weighted average price and 23% to NAP's 60-day volume-weighted average price on the Toronto Stock Exchange ("TSX") as of October 4, 2019.

The Transaction has been unanimously approved by both the board of directors of NAP and Implats.

"This transaction delivers attractive value for our shareholders and reflects five years of hard work we have devoted to realize the potential of our assets. We have successfully established Lac des Iles Mine as one of Canada's largest, lowest-cost and safest underground mines, producing a metal that contributes to a cleaner global environment," commented Jim Gallagher, President and Chief Executive Officer of NAP. "Our employees, suppliers, customers and community stakeholders can all join me in feeling tremendous pride at this pivotal moment in our Company's history. By becoming a significant part of a larger, integrated global producer, we will benefit from greater access to technical, operational and financial resources with which to pursue our production, development and exploration objectives in Canada."

Terms of the Transaction

The Transaction will be carried out pursuant to the Arrangement Agreement under a court-approved statutory plan of arrangement under the *Canada Business Corporations Act*. The Transaction will require approval by at least 66 2/3% of the votes cast by the shareholders of NAP present at a special meeting of NAP shareholders. Implats has entered into customary voting support agreements with Brookfield as well as each of NAP's directors and executive officers.

The Arrangement Agreement also includes customary non-solicitation provisions following the expiration of a 30-day modified go-shop period, during which period the Company and its representatives have the right to respond to bona fide expressions of interest in respect of an acquisition proposal. If NAP accepts a superior proposal during such period, the Arrangement Agreement provides that a go-shop termination fee of C\$24.5 million is payable to Implats. If NAP accepts a superior proposal following the 30-day modified go-shop period, the Arrangement Agreement provides for a termination fee of \$37.7 million payable to Implats. Implats has the right to match any superior proposal within 5 business days.

In addition to shareholder approval, the Transaction is subject to the receipt of certain regulatory, court and stock exchange approvals and the satisfaction of other conditions customary in transactions of this nature.

Further information regarding the Transaction will be included in the information circular that NAP will prepare, file, and mail in due course to its shareholders in connection with its special meeting to be held to consider the Transaction. The Arrangement Agreement will be filed on the SEDAR profile of NAP on the

SEDAR website at www.sedar.com.
