VANCOUVER, June 18, 2020 - [Candente Copper Corp.](#) (TSX:DNT, BVL:DNT) ("Candente Copper" or the "Company") welcomes Mr. Luis Miguel Inchaustegui Zevallos as Advisor and Director of our Peruvian subsidiary, Cañariaco Copper Peru S.A.

A leader in corporate matters and sustainability in the extraction sector, Mr. Inchaustegui is experienced in community relations, sustainable development, communications, legal and institutional relationships. Miguel's mission is to generate value through a social strategy based on the Shared Value concept, which allows companies to become an ally in sustainable development.

Mr. Inchaustegui is a lawyer with an MBA and has 26 years experience working in Transnational corporations and government, including Gold Fields Ltd., Lumina Copper Peru, Barrick Gold Corp., Volcan Mining Company and the Ministry of Energy and Mines of Peru. His management and advisory roles have included Legal Advisor, Vice-President Corporate Affairs and Sustainable Development, Corporate Secretary and Vice-Minister of Mines of Peru.

"We are very grateful to have the guidance of a such a knowledgeable and well recognized professional with proven experience in the synergetic development of mining projects and sustainable communities in Peru. Mr. Inchaustegui is a great addition to our team as we advance the Cañariaco project and we are very fortunate to be working with him," commented Joanne Freeze, CEO.

"I am very pleased to be joining the Cañariaco Copper Peru Board of Directors to support the next stage of the Cañariaco project. In addition to the recent investment by strategic investor, Fortescue Metals Group, there is an important advance in the generation of trust with main stakeholders and a determined support for the generation of Shared Value projects by Cañariaco Copper. All of this has encouraged me to be part of this Board and to collaborate decisively to achieve the development of the Cañariaco project as a catalyst for sustainable development in Northern Peru," commented Miguel Inchaustegui.
