

New Dimension Resources Closes Private Placement with lead order from Palisades Goldcorp

08.09.2020 | [CNW](#)

VANCOUVER, Sept. 8, 2020 - [New Dimension Resources Ltd.](#) (TSXV: NDR) (the "Company", "NDR", or "New Dimension") is pleased to announce the completion of its previously announced non-brokered private placement, for proceeds of \$3,624,992, with a lead order from Palisades Goldcorp Ltd. The Company had anticipated a placement of 60,000,000 units for gross proceeds of \$3,600,000, however, the Company has successfully completed the sale and conversion of 60,416,531 units. The units are comprised of one common share and one share purchase warrant entitling the holder to acquire one additional common share at \$0.12 until expiry September 3, 2023. The warrants contain specific language restricting exercise that would create a new insider or control person.

Proceeds will be used for exploration activities and general working capital. The Company's immediate priorities will be to advance its recently-acquired Scandinavian projects (the Løkken and Kjølil high grade copper projects in Norway, and the Southern Gold Line Project in Sweden) to drilling. The Løkken and Kjølil licences both cover past-producing, high-grade copper(-zinc-silver-gold) mines as well as drill-ready regional exploration targets, whilst the Southern Gold Line project consists of a group of licences located adjacent to Dragon Mining Limited's Fäboliden gold development project and the Svartliden gold mine.

The Company paid an aggregate of \$128,503.80 and issued 2,081,730 brokers warrants under the same terms and conditions of the unit warrants. All securities issued under the placement are subject to a four month hold period trade restriction expiring January 4, 2021.

Insiders of the Company participated in the Offering acquiring, directly or indirectly, an aggregate of 3,595,841 units representing 2.83% of the Company's issued and outstanding shares on an undiluted basis and 2.75% on a partially diluted basis. The participation by insiders in the private placement is considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 ("MI 61- 101"). The transaction is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101, as neither the fair market value of the securities being issued nor the consideration being paid exceeds 25% of the Company's market capitalization.
