

Saint Jean Carbon Inc. Settles With the ASC for Misleading Disclosure

08.12.2020 | [GlobeNewswire](#)

OAKVILLE, Dec. 08, 2020 - [Saint Jean Carbon Inc.](#) (TSX-V: SJL) announces that the Alberta Securities Commission (the ASC) has concluded a Settlement Agreement with the Company, in connection with two news releases issued by the Company in February and March 2017. The shares of the Company are listed for trading under the symbol SJL on the TSX Venture Exchange.

In the Settlement Agreement, the Company admitted to misrepresentations in breach of Alberta securities laws by making misleading, untrue or incomplete statements in the two news releases. The Company acknowledged that these misrepresentations would reasonably be expected to have a significant effect on the market price or value of its securities.

The news releases announced that the Company had received its first order from Panasonic Corporation, as part of an offtake agreement, to supply graphite anode material to its manufacturing facility. In reality, the material supplied was a minimal sample order with nominal value, no offtake agreement had been executed by the parties and no commitment existed for Panasonic to take any amount of graphite at any time.

As part of the Settlement Agreement, the Company paid the ASC \$62,500 and has undertaken that during the next four years all news releases will be authorized by at least two directors and officers of the Company.

The Company was a respondent in a Notice of Hearing issued by the ASC on June 19, 2020. The hearing into the allegation against the remaining respondent is scheduled to commence on December 14, 2020. For more information on the hearing, visit the Status of Current Proceedings page. A copy of the Settlement Agreement is also available on the ASC website at albertasecurities.com.
