

Caledonia Mining Corporation Plc: Issue of shares and subsequent listing of securities on VFEX

02.12.2021 | [GlobeNewswire](#)

ST HELIER, Dec. 02, 2021 - Further to its announcement on November 29, 2021 concerning the oversubscribed placing of securities to be listed on the Victoria Falls Stock Exchange in Zimbabwe ("VFEX"),

[Caledonia Mining Corporation plc](#) (NYSE AMERICAN: CMCL; AIM: CMCL) ("Caledonia" or the "Company") announces that it has now issued and allotted 619,783 shares of no par value each against which the same number of depositary receipts have been issued to Zimbabwe investors.

The issue of depositary receipts has raised gross proceeds for the Company of approximately US\$7.83m. Listing of the depositary receipts on the VFEX is expected to occur today with trading also commencing today.

The Company now has a total number of shares in issue of 12,756,606 common shares of no par value each. Caledonia has no shares in treasury; therefore, this figure may be used by holders as the denominator for the calculations by which they determine if they are required to notify their interest in, or a change to their interest in, the Company. Application has been made to AIM for admission of an equivalent number of new depositary interests representing the same number of new shares in the share capital of the Company which will rank pari passu with the existing shares in issue, and admission of those depositary interests is expected to occur tomorrow.

Cautionary Note Concerning Forward-Looking Information

Information and statements contained in this news release that are not historical facts are "forward-looking information", "financial outlooks" or "future oriented financial information" (collectively, "forward-looking information") within the meaning of applicable securities legislation that involve risks and uncertainties relating, but not limited to Caledonia's current expectations, intentions, plans, and beliefs. Forward-looking

information can often be identified by forward-looking words such as "anticipate", "believe", "expect", "goal", "plan", "target", "intend", "estimate", "could", "should", "may" and "will" or the negative of these terms or similar words suggesting future outcomes, or other expectations, beliefs, plans, objectives, assumptions, intentions or statements about future events or performance. Examples of forward-looking information in this news release include: production guidance, estimates of future/targeted production rates, and our plans and timing regarding further exploration and drilling and development, construction plans, financial and shareholders returns on investment in construction projects and electricity production/supply to the mine. This forward-looking information is based, in part, on assumptions and factors that may change or prove to be incorrect, thus causing actual results, performance or achievements to be materially different from those expressed or implied by forward-looking information. Such factors and assumptions include, but are not limited to: failure to establish estimated resources and reserves, the grade and recovery of ore which is mined varying from estimates, success of future exploration and drilling programs, reliability of drilling, sampling and assay data, assumptions regarding the representativeness of mineralization being inaccurate, success of planned metallurgical test-work, capital and operating costs varying significantly from estimates, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, the completion of construction projects, the proposed benefits from construction projects and other factors.

To the extent any forward-looking information herein constitutes a financial outlook or future oriented financial information, any such statement is made as of the date hereof and included herein to provide prospective investors with an understanding of the Company's construction plans and assumptions. Security holders, potential security holders and other prospective investors are cautioned that such information may not be appropriate for other purposes and should be aware that these statements are subject to known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from those suggested by the forward-looking statements. Such factors include, but are not limited to: risks relating to estimates of mineral reserves and mineral resources proving to be inaccurate, fluctuations in gold price, risks and hazards associated with the business of mineral exploration, development and mining, risks relating to the credit worthiness or financial condition of suppliers, refiners, contractors and other parties with whom the Company does business; inadequate insurance, or inability to obtain insurance, to cover these risks and hazards, employee relations; relationships with and claims by local communities and indigenous populations; political risk; risks related to natural disasters, terrorism, civil unrest, public health concerns (including health epidemics or outbreaks of communicable diseases such as the coronavirus (COVID-19)); availability and increasing costs associated with mining inputs and labour; the speculative nature of mineral exploration and development, including the risks of obtaining or maintaining necessary licenses and permits, diminishing quantities or grades of mineral reserves as mining occurs; global financial condition, the actual results of current exploration activities, changes to conclusions of economic evaluations, and changes in project parameters to deal with unanticipated economic or other factors, risks of increased capital and operating costs, environmental, safety or regulatory risks, expropriation, the Company's title to properties including ownership thereof, increased competition in the mining industry for properties, equipment, qualified personnel and their costs, risks relating to the uncertainty of timing of events including targeted production rate increase, construction activity and currency fluctuations. Security holders, potential security holders and other prospective investors are cautioned that the assumptions used in the preparation of such forward-looking information, although considered reasonable at the time of preparation, may prove to be imprecise and, accordingly, they should not place undue reliance on such forward-looking information. By its nature, forward-looking information involves numerous assumptions, inherent risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, forecasts, projections and various future events will not occur. Caledonia undertakes no obligation to update publicly or otherwise revise any forward-looking information whether as a result of new information, future events or other such factors which affect this information, except as required by law.

This news release is not an offer of the shares of Caledonia for sale in the United States or elsewhere. This news release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the shares of Caledonia, in any province, state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such province, state or jurisdiction.
