

Major Precious Metals to Participate at the Future Minerals Summit in Riyadh, Saudi Arabia

06.01.2022 | [GlobeNewswire](#)

VANCOUVER, Jan. 06, 2022 - [Major Precious Metals Corp.](#) ("Major Precious Metals" or the "Company") (NEO:SIZE | OTC:SIZYF | FRANKFURT:3EZ) is pleased to announce that it will present at the inaugural Future Minerals Summit ("FMS") to be held from January 11-13, 2022 at the King Abdulaziz International Conference Center in Riyadh, Kingdom of Saudi Arabia. Over 150 mining, and exploration and development companies are expected to attend FMS including over 2,000 in-person attendees. The summit's program will focus on three main themes: (1) mining's contribution to society, (2) reimagining mining, and (3) investing in new and emerging mining regions.

Mr. Tony Williams, Chairman and CEO of Major Precious Metals will provide shareholders and interested stakeholders with an update on the Company's Skaergaard PGM Project ("Skaergaard") located in Greenland on Thursday, January 13, at 2:10 PM Saudi Arabia Standard Time. A link to this presentation will be available on the Company's website at www.majorprecious.com after the event.

Skaergaard Project Update

The Company is also pleased to report that core and channel samples from its 2021 summer exploration and diamond drilling program at Skaergaard are currently being analyzed at ALS Global's geochemistry laboratory in Loughrea, Ireland with initial assay results expected to be released within Q1-2022.

On behalf of the Board of Directors

About Major Precious Metals Corp.

Major Precious Metals is a Canadian junior mining company listed on the NEO Exchange ("NEO") and its common shares trade under the ticker symbol "SIZE". The Company's flagship project is the Skaergaard PGM Project in Greenland containing one of the largest palladium and gold deposits outside the major PGM producing areas of Russia and South Africa. The Company is focused on accelerating the progress of the Skaergaard Project along the Mine Development Cycle and has recently initiated a further major work program of drilling and economic evaluation.

Additional information relating to Major Precious Metals is available at www.majorprecious.com.

The NEO Exchange has neither approved nor disapproved the contents of this news release.

Forward-looking Information Statement

This news release may contain certain "forward-looking statements" and "forward-looking information" within

the meaning of applicable Canadian and United States securities laws. When used in this news release, the words "anticipate", "believe", "estimate", "expect", "target", "plan", "forecast", "may", "schedule" and other similar words or expressions identify forward-looking statements or information. These forward-looking statements or information may relate to the development of a mineral resource estimate for the Skaergaard PGM Project, and other factors or information. Such statements represent the Company's current views with respect to future events and are necessarily based upon a number of assumptions and estimates that, while considered reasonable by the Company, are inherently subject to significant business, economic, competitive, political and social risks, contingencies and uncertainties. Many factors, both known and unknown, could cause results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward-looking statements. The Company does not intend, and does not assume any obligation, to update these forward-looking statements or information to reflect changes in assumptions or changes in circumstances or any other events affecting such statements and information other than as required by applicable laws, rules and regulations.
