

Nicola Mining Inc. Ships Its Largest Shipment of Gold and Silver Concentrate to Port

24.02.2022 | [Newsfile](#)

Vancouver, February 24, 2022 - [Nicola Mining Inc.](#) (TSXV: NIM) (FSE: HLI), (the "Company" or "Nicola") is pleased to announce that it has completed a second shipment of 196 tonnes (175 dry metric tonnes) of gold and silver concentrate to Ocean Partners UK Limited¹ ("Ocean Partners"). The tonnage is the single largest shipment of concentrate shipped to port, to date. The material shipped contained an approximate 92 grams gold / tonne and 562 grams silver per tonne.

As announced in the December 22, 2021, its Mill Site, which is located between Merritt and Spences Bridge, was not adversely affected by recent southern BC flooding. The highway that connects the region, Highway 8, was, however, severely damaged and is currently undergoing extensive repairs. As part of its commitment to the environment and local communities, the Company submitted a Notice of Departure ("NoD") for the extraction and processing of rock at the New Craigmont Project to the Ministry of Energy, Mines, and Low Carbon Innovation ("EMLI"). Upon approval, the Company hopes to work with First Nations and contractors by providing much needed riprap for infrastructure repairs.

Qualified Person

Kevin Wells, P.Geo, a consulting geologist to the Company, is the independent qualified person as defined by National Instrument 43-101 - Standards of Disclosure for Mineral Projects for the technical disclosure contained in this news release.

About Nicola Mining

[Nicola Mining Inc.](#) is a junior mining company listed on the TSX Venture and Frankfurt Exchanges that maintains a 100% owned mill and tailings facility, located near Merritt, British Columbia. It has signed Mining and Milling Profit Share Agreements with high grade gold projects. Nicola's fully-permitted mill can process both gold and silver mill feed via gravity and flotation processes.

The Company owns 100% of the New Craigmont Project, a high-grade copper property, which covers an area of 10,913 hectares along the southern end of the Guichon Batholith and is adjacent to [Teck Resources Ltd.](#)'s Highland Valley Copper, Canada's largest copper mine. The Company also owns 100% of the Treasure Mountain Property, consisting of 30 mineral tenures covering 513 hectares (ha) and a mining lease covering 335 ha.

This press release contains "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements include, but are not limited to, statements regarding the impact of the ongoing drill program and results on the Company, the possible economics of the project and the Company's understanding of the project; the development potential and timetable of the project; the estimation of mineral resources; realization of mineral resource estimates. Generally, forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "continue", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "will", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are made based upon certain assumptions and other important facts that, if untrue, could cause the actual results, performances, or achievements of Nicola to be materially different from future results, performances or achievements expressed or implied by such statements. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which Nicola will operate in the future. Certain important factors that could cause actual results, performances, or achievements to differ materially from those in the forward-looking statements include, amongst others, currency fluctuations, the global economic climate, dilution, share price volatility and competition. Forward-looking statements are subject to known and unknown risks, uncertainties and other important factors that may cause the actual results, level of activity, performance or achievements of Nicola to be materially different from those expressed or implied by such forward-looking statements, including but not limited to: there being no assurance that the exploration program will result in expanded mineral resources; risks and uncertainties inherent to mineral resource estimates.

¹ Ocean Partners operates in a number of countries, including Canada, Chile, China, Cyprus, Mexico, Mongolia, Netherlands, Peru, Taiwan, Turkey, United Kingdom, and the United States, and retains agency representation in Argentina, Australia, Bolivia, Brazil, Chile, Ecuador, India, Japan, South Africa, South Korea. The Company maintains a strong global network of relationships and contacts in the base metal mining and smelting sector.
