

First Lithium Minerals Inc., QL Minerals Inc. and Petrocorp Group Enter into Definitive Agreement

13.06.2022 | [Newsfile](#)

Toronto, June 13, 2022 - [PetroCorp Group Inc.](#) (TSXV: PCG.H) ("PetroCorp" or the "Company"), is pleased to announce that it has entered into a definitive agreement dated June 10, 2022 (the "Definitive Agreement") with First Lithium Minerals Inc. ("First Lithium") and QL Minerals Inc. ("QL") in respect of a proposed reverse take-over transaction (the "Proposed Transaction"). The Proposed Transaction is an arm's length transaction and upon successful completion of the Proposed Transaction, it is anticipated that the resulting entity (the "Resulting Issuer") will focus primarily on the business of First Lithium under the name "First Lithium Minerals Corp." or such other name determined by the parties.

About First Lithium Minerals Inc.

First Lithium is a mineral exploration company focused on the OCA Project which is a lithium project comprised of approximately 8,900 ha of mineral exploration concessions located in the salars of Ollague, Carcote and Ascotan in the Antofagasta Region of Northern Chile within the cordilleran sector bordering Bolivia.

About QL Minerals Inc.

QL is a mineral exploration company which holds a 100% interest in 39 claims located in the township of Senneville, Quebec, Canada. The property was acquired from Xander Resources Inc. in November 2021. Recent examination by Xander Resource's geologists suggests the possibility of lithium on the claim group as the claims are in proximity to the La Corne Batholith, two existing lithium mines and a developing lithium prospect by Great Thunder Gold.

Proposed Transaction

Pursuant to the Definitive Agreement, the parties plan to complete a three-cornered amalgamation whereby a newly incorporated wholly-owned subsidiary of PetroCorp ("PetroCorp Subco") will amalgamate with First Lithium and QL, and PetroCorp will acquire all of the issued and outstanding shares of First Lithium and QL. The shareholders of First Lithium and QL will receive common shares in the capital of PetroCorp (the "PetroCorp Shares") in exchange for their shares of First Lithium and QL, respectively, resulting in a reverse takeover of PetroCorp by the First Lithium shareholders. The corporation resulting from the amalgamation of PetroCorp Subco, First Lithium and QL will be wholly-owned by the Resulting Issuer.

Summary of Transaction

Below is a summary of the terms of the Proposed Transaction:

- PetroCorp. shall complete a consolidation (the "PetroCorp Consolidation") of its common shares on an approximate one (1) new share for 81.96721311 old shares basis, which shall result in approximately 8,204,344 post-PetroCorp Consolidation shares outstanding.
- First Lithium shall complete a consolidation (the "FLM Consolidation") of its common shares on a one (1) new share for 2.5 old shares basis, which shall result in approximately 29,643,712 post-FLM Consolidation shares outstanding.
- First Lithium shall convert \$3,571,591 of debt at a price of \$0.225 per common share for a total of 15,873,737 post-FLM Consolidation shares.
- The FLM Subscription Receipts and QL Subscription Receipts (see below under Private Placements) shall automatically convert into post-FLM Consolidation shares and QL shares, respectively.

- PetroCorp shall issue one post-PetroCorp Consolidation share for: (i) each post-FLM Consolidation share, including the shares issued upon automatic conversion of the FLM Subscription Receipts; and, (ii) each QL share, including the shares issued upon automatic conversion of the QL Subscription Receipts - there are 3,000,000 QL shares outstanding prior to the automatic conversion of the QL Subscription Receipts.

- A finder's fee of 3,316,372 PetroCorp Shares (on a post PetroCorp Consolidation basis) shall be issued to an arm's length party on closing of the Proposed Transaction.

The Definitive Agreement also contemplates other material conditions precedent to the closing of the Proposed Transaction (the "Closing") including compliance with all applicable regulatory requirements and receipt of all necessary approvals being obtained. An application has been submitted to the Canadian Securities Exchange (the "Exchange") for the listing of the common shares of the Resulting Issuer.

There can be no assurance that the Proposed Transaction will be completed as proposed, or at all. There is no assurance that the Resulting Issuer will be able to satisfy the listing requirements of the Exchange.

The Closing will involve, among others, the following steps:

- receipt of all shareholder and regulatory approvals relating to the Proposed Transaction, including, without limitation, the approval of the Exchange (or such other exchange on which application to list the Resulting Issuer shares may be made); and

- each of the parties shall have executed, delivered and performed their respective covenants as outlined in the Definitive Agreement, and all representations and warranties of each party contained in the Definitive Agreement shall be true and correct at the time of Closing.

The PetroCorp Shares to be issued pursuant to the Proposed Transaction will be issued pursuant to exemptions from the prospectus requirements of applicable securities legislation. Certain of the PetroCorp Shares issuable pursuant to the Proposed Transaction may be subject to the escrow requirements of the Exchange and to hold periods as required by applicable securities laws.

Private Placements

First Lithium has completed a private placement of 21,550,000 subscription receipts (the "FLM Subscription Receipts") at an issue price of \$0.25 per subscription receipt for gross proceeds of \$5,387,500. Upon satisfaction of the escrow release conditions, which includes among other things, the completion of the Transaction and subsequent listing on the Canadian Securities Exchange and the completion of the PetroCorp Consolidation and FLM Consolidation, each FLM Subscription Receipt will automatically convert, without additional payment or any further action on the part of the holder, into one post-FLM Consolidation share.

QL has recently completed a private placement of 3,180,000 subscription receipts (the "QL Subscription Receipts") at an issue price of \$0.25 per subscription receipt for gross proceeds of \$795,000. Upon satisfaction of the escrow release conditions, which includes among other things, the completion of the Transaction and subsequent listing on the Canadian Securities Exchange and the completion of the PetroCorp Consolidation and FLM Consolidation, each QL Subscription Receipt will automatically convert, without additional payment or any further action on the part of the holder, into one QL share.

The Resulting Issuer - Summary of Proposed Directors

The current officers and directors of the Company will resign from their respective positions with the Company concurrently with the completion of the Proposed Transaction.

The board of directors and officers of the Resulting Issuer will be as follows:

Rob Saltsman -President, Chief Executive Officer, and Director

Mr. Saltsman has 25 years of experience in venture capital and public investments and is the Founder of First Lithium Minerals Inc., a company he founded in 2017.
