Vancouver, January 9, 2023 - [Nicola Mining Inc.](#) (TSXV: NIM) (FSE: HLI), (the "Company" or "Nicola") is pleased to announce that it and [Osisko Development Corp.](#) (NYSE: ODV) (TSXV: ODV) ("Osisko") have signed a Mining and Milling Profit Share Agreement (the "Agreement"). Under the Agreement, Osisko may transport material to Nicola's mill site, located near Merritt, British Columbia. Nicola's Merritt Mill site is a unique milling and processing facility because the Company owns the industrial-zoned site free-hold.

The approximate \$30.0 million facility is also the location of the historic Craigmont Copper Mine, which had an historic production grade of 1.3% Cu. The Company is in the process of planning its 2023 Exploration Program, which will be announced at a later date.

The Company had announced on December 2, 2022, that the two parties had entered into Memorandum of Understanding for the processing of gold mill feed currently stock piled at Osisko's site, located in the Cariboo Mining District in east-central BC, east and southeast of the City of Quesnel.

Nicola's Merritt Mill is the only facility in the Province of British Columbia permitted to accept third party gold and silver mill feed from throughout the province.
