

Canadian Critical Minerals Receives Update on Drill Results from Thierry Copper Project

21.06.2024 | [Newsfile](#)

Calgary, June 20, 2024 - [Canadian Critical Minerals Inc.](#) (TSXV: CCMI) (OTCQB: RIINF) ("CCMI" or the "Company") has received results from the remaining five drill holes at the Thierry Copper Project near Pickle Lake, Ontario that were drilled by CCMI in July 2023 as part of a 2,600 metre drill program. The Thierry Copper Project is 100% owned by Cuprum Corp. CCMI owns 23.2 million shares of Cuprum and is the second largest shareholder with approximately 30% of the issued shares of Cuprum. Orecap Invest Corp. is the largest shareholder owning 29.5 million shares of Cuprum.

A complete review of the drill results has been disclosed by Orecap Invest Corp. earlier this morning and is available on Sedar Plus in their press release dated June 20, 2024, or on their website at www.orecap.ca. Further to CCMI's disclosure of September 20, 2023, which is available on Sedar Plus, the results are as good or better than expected.

Ian Berzins, President and CEO, commented, "We are extremely encouraged by the final drill results reported by Cuprum Corp. The July 2023 drill program clearly demonstrates that the K1-1 open pit remains open on strike and down dip and supports follow-up drilling to expand the current resource."

About Canadian Critical Minerals Inc.

CCMI is a mining company primarily focused on two near-term copper production assets in Canada. CCMI's main asset is the 100% owned Bull River Mine project (>135 million lbs of copper) near Cranbrook, British Columbia which has a Mineral Resource containing copper, gold and silver. CCMI also owns a 30% interest in the Thierry Mine project (>1.3 billion lbs of copper) near Pickle Lake, Ontario which has a Mineral Resource containing copper, nickel, silver, palladium, platinum and gold.

Caution Regarding Forward-Looking Information

This news release includes certain information that may constitute "forward-looking information" under applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements about strategic plans, future work programs and objectives and expected results from such work programs. Forward-looking information necessarily involve known and unknown risks, including, without limitation, risks associated with general economic conditions; inability to access sufficient capital from internal and external sources, and/or inability to access sufficient capital on favourable terms; and other risks.

Forward-looking information is necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking information and the risks identified in the Company's continuous disclosure record. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, readers should not place

undue reliance on forward-looking information. All forward-looking information contained in this news release is given as of the date hereof and is based upon the opinions and estimates of management and information available to management as at the date hereof. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by law.

Neither the TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this new release.
