About Sokoman Minerals Corp.

Sokoman Minerals Corp. is a discovery-oriented company with projects in the province of Newfoundland and Labrador, Canada. The Company's primary focus is its portfolio of gold projects: the 100%-owned flagship, advanced-stage Moosehead, Crippleback Lake, and the district-scale Fleur de Lys project near Baie Verte in northwestern Newfoundland, which is targeting Dalradian-type orogenic gold mineralization similar to the Curraghinalt and Cavanacaw deposits in Northern Ireland. The Company entered into a strategic alliance with [Benton Resources Inc.](#) through three large-scale, joint-venture properties, including Grey River, Golden Hope, and Kepenkeck in Newfoundland. Sokoman is one of the largest landholders in Newfoundland, in Canada's newest and rapidly emerging gold districts.??

In October 2023, Sokoman and Benton completed an agreement with [Piedmont Lithium Inc.](#), a major developer of lithium projects and processing plants in the USA, and exactly the right partner to have to advance the lithium project. The agreement provides for Piedmont to earn up to 62.5% of the Killick Lithium Project (formerly Golden Hope project) by funding up to \$12 million in exploration expenses and issuing \$10 million common shares in three stages. The Killick Lithium Project has been transferred to Killick Lithium Inc. (Killick), a 100%-owned subsidiary of Vinland Lithium Inc. (Vinland). Newly created Vinland has received \$2 million in financing from Piedmont for a 19.9% interest, with the balance of ownership between Sokoman and Benton. Sokoman and Benton will continue to operate the exploration efforts at Killick through the earn-in stages. Sokoman and Benton will retain a royalty of 2% NSR on future production. Piedmont will have exclusive marketing rights for the promotion and sale of any lithium products produced from the project on a life-of-mine basis, and the right of first refusal on 100% offtake rights to the lithium concentrates.??

Projects optioned with optionee fully vested are:?

- East Alder Project optioned to Canterra Minerals Inc. (SIC retains shares of CTM plus 1% NSR)??
- Startrek Project optioned to Thunder Gold (SIC retains shares of TGOL plus 1% NSR)??

The Company would like to thank the Government of Newfoundland and Labrador for the financial support of the Moosehead and Fleur de Lys Projects through the Junior Exploration Assistance Program during the past few years.???
