Vancouver, February 7, 2025 - [CopperEx Resources Corp.](#) (TSXV: CUEX) (the "Company" or "CopperEx") announces a "best efforts" private placement (the "Offering") for aggregate gross proceeds of C\$1.5 million through the sale of up to 26,666,667 units of the Company (the "Units") at a price of \$0.05625 per Unit.

Each Unit will be comprised of one common share (a "Common Share") and one full common share purchase warrant of the Company (each common share purchase warrant, a "Warrant"). Each Warrant shall be exercisable to acquire one common share of the Company (a "Warrant Share") for a period of 24 months from the date of issue at an exercise price of C\$0.15 per Warrant Share.

The proceeds from the Offering will be used to fund exploration activities at the Company's projects in Chile and Peru and for general working capital.

Certain directors and officers of the Company may acquire Units under the Offering. Any such participation would be considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 ("MI 61-101"). The transaction will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of any shares issued to or the consideration paid by such persons will exceed 25% of the Company's market capitalization.

The Company may pay a finder's fee in connection with the private placement and this financing is subject to the approval of the TSX Venture Exchange. All securities to be issued in the private placement will be subject to a four month hold period from the closing date under applicable securities laws in Canada and amongst other things, receipt by CopperEx of all necessary regulatory approvals, including TSX Venture Exchange approval.
