CALGARY, Alberta, Feb. 25, 2025 -- [Cardinal Energy Ltd.](#) ("Cardinal" or the "Company") (TSX: CJ) is pleased to announce that it has entered into an agreement with a syndicate of underwriters (the "Underwriters") co-led by CIBC Capital Markets, RBC Capital Markets and ATB Capital Markets, with CIBC Capital Markets and RBC Capital Markets acting as joint-bookrunners, pursuant to which the Underwriters have agreed to purchase for resale to the public, on a bought deal basis, \$40 million aggregate principal amount of senior subordinated unsecured debentures due September 30, 2030 (the "Debentures") at a price of \$1,000 per Debenture (the "Offering"). The Company has also granted the Underwriters an option to purchase up to an additional \$5 million aggregate principal amount of Debentures, such option to be exercised in whole or in part at the sole discretion of the Underwriters, at any time until two business days prior to the Closing Date (as defined below). The Offering is expected to close on or about March 4, 2025 (the "Closing Date").

The Company intends to use the net proceeds of the Offering to first repay and reduce the indebtedness of its outstanding senior credit facility, then to de-risk the completion of the Company's Reford thermal facility and accelerate the de-risking of the Company's Kelfield thermal oil opportunity. As well the Company may use some of the proceeds for land and seismic acquisitions to delineate other thermal oil opportunities available to the Company.

The Debentures will bear interest at a rate of 8.25% per annum, payable semi-annually in arrears on the last business day of March and September of each year commencing on September 30, 2025. The first payment will include accrued and unpaid interest for the period from the Closing Date to, but excluding, September 30, 2025. The Debentures will mature on September 30, 2030 (the "Maturity Date").

The Debentures will not be redeemable by the Company before September 30, 2028 (the "First Call Date"). On and after the First Call Date and prior to September 30, 2029, the Debentures will be redeemable, in whole or in part, from time to time at the Company's option at a redemption price equal to 104.125% of the principal amount of the Debentures redeemed plus accrued and unpaid interest, if any, up to but excluding the date set for redemption. On and after September 30, 2029 and prior to the Maturity Date, the Debentures will be redeemable, in whole or in part, from time to time at the Company's option at par plus accrued and unpaid interest, if any, up to but excluding the date set for redemption. The Company shall provide not more than 60 nor less than 30 days' prior notice of redemption of the Debentures. The Company has the option to satisfy its obligations to repay the principal amount of and premium (if any) on the Debentures due at redemption or on maturity of the Debentures by issuing and delivering that number of freely tradeable common shares of the Company to Debenture holders in accordance with the terms of the debenture indenture that will govern the terms of the Debentures.

The Debentures will be distributed in all provinces of Canada (other than the province of Quebec) by way of a prospectus supplement to the Company's base shelf prospectus dated March 28, 2024 and by private placement in the United States to "qualified institutional buyers" pursuant to Rule 144A of the U.S. Securities Act of 1933.

Access to the Base Shelf Prospectus, the Prospectus Supplement, and any amendments to the documents are provided in accordance with securities legislation relating to procedures for providing access to a base shelf prospectus, a prospectus supplement and any amendment to the documents. The Base Shelf Prospectus, the Prospectus Supplement (when filed) and any amendments to these documents may be accessed for free on the System for Electronic Document Analysis and Retrieval ("SEDAR+") at www.sedarplus.ca.
