

Prospector Announces Update to Non-Brokered Private Placement to Fund Drilling on the ML Project, Yukon

28.04.2025 | [Newsfile](#)

Vancouver, April 28, 2025 - [Prospector Metals Corp.](#) (TSXV: PPP) (OTCQB: PMCOF) (FSE: 1ET) ("Prospector" or the "Company") is pleased to announce that, as a result of demand, it has increased the size of its previously announced non-brokered private placement (see news release dated April 17, 2025).

Prospector now plans to raise gross proceeds of up to C\$5,500,000 through the issuance of 25,974,025 Charity Flow-Through Units (the "Charity FT Units") at a price of \$0.154 per Charity FT Unit, 1,000,000 Flow Through Units at a price of \$0.154 per FT Unit (the "FT Units") and 12,272,727 Non-Flow-Through Units (the "NFT Units") at a price of \$0.11 per NFT Unit (the "Offering").

Each Charity FT Unit and FT Unit will be comprised of one flow-through common share (a "FT Share") and one half of one non-flow-through common share purchase warrant and each NFT Unit will be comprised of one common share and one half of one non-flow-through common share purchase warrant (each whole warrant, a "Warrant"). Each Warrant will be exercisable at a price of \$0.30 into one common share for a period of two years from the date of issuance.

Prospector intends to use the proceeds of the Offering to fund its exploration program at its ML Project in the Yukon which includes up to 5,000 meters of diamond drilling focused on 5 target areas as reported in the Company's news release dated April 9, 2025.

The Offering is expected to close on or about May 9, 2025, and is subject to certain closing conditions including, but not limited to, the receipt of all necessary approvals including the conditional approval of the TSX Venture Exchange.

The Company may pay finders' fees under the Offering in accordance with applicable securities laws and the policies of the TSX Venture Exchange. The securities issued under the Offering will be subject to a hold period under applicable securities laws in Canada expiring four months and one day from the closing date of the Offering.

The FT Shares will qualify as "flow-through shares" (within the meaning of subsection 66(15) of the Income Tax Act (Canada) (the "Tax Act")). An amount equal to the gross proceeds from the issuance of the FT Shares will be used to incur eligible resource exploration expenses which will qualify as (i) "Canadian exploration expenses" (as defined in the Tax Act), and (ii) as "flow-through critical mineral mining expenditures" (as defined in subsection 127(9) of the Tax Act) (collectively, the "Qualifying Expenditures"). Qualifying Expenditures in an aggregate amount not less than the gross proceeds raised from the issue of the FT Shares will be incurred (or deemed to be incurred) by the Company on or before December 31, 2026 and will be renounced by the Company to the initial purchasers of the FT Shares with an effective date no later than December 31, 2025.

It is anticipated that insiders of the Company may participate in the Offering. The issuance of securities pursuant to the Offering to insiders will be considered a "related party transaction" within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). The Company is relying on exemptions from the formal valuation requirements of MI 61-101 pursuant to section 5.5(a) and the minority shareholder approval requirements of MI 61-101 pursuant to section 5.7(1)(a) in respect of such insider participation as the fair market value of the transaction, insofar as it involves interested parties, does not exceed 25% of the Company's market capitalization.

The securities have not been, and will not be, registered under the U.S. Securities Act, or any U.S. state

securities laws, and may not be offered or sold in the United States without registration under the U.S. Securities Act and all applicable state securities laws or compliance with the requirements of an applicable exemption therefrom. This press release does not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor may there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

About Prospector Metals Corp.

Prospector Metals Corp. is a proud member of Discovery Group. The Company is focused on district scale, early-stage exploration of gold and base metal prospects. Creating shareholder value through new discoveries, the Company identifies underexplored or overlooked mineral districts displaying important structural and mineralogical occurrences similar to more established mining operations. The majority of acquisition activity occurs in Yukon and Ontario, Canada - Tier-1 mining jurisdictions with an abundance of overlooked geological regions possessing high mineral potential. Prospector establishes and maintains relationships with local and Indigenous rightsholders and seeks to develop partnerships and agreements that are mutually beneficial to all interested parties.

On behalf of the Board of Directors,
Prospector Metals Corp.

Dr. Rob Carpenter, Ph.D., P.Geo.
President & CEO

Forward-Looking Statement Cautions:

This press release contains certain "forward-looking statements" within the meaning of Canadian securities legislation, including, but not limited to, statements regarding the Company's plans with respect to the Company's projects and the timing related thereto, the merits of the Company's projects, the Company's objectives, plans and strategies, the Offering and other project opportunities. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are statements that are not historical facts; they are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "aims," "potential," "goal," "objective," "strategy," "prospective," and similar expressions, or that events or conditions "will," "would," "may," "can," "could" or "should" occur, or are those statements, which, by their nature, refer to future events. The Company cautions that Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made and they involve a number of risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Except to the extent required by applicable securities laws and the policies of the TSX Venture Exchange, the Company undertakes no obligation to update these forward-looking statements if management's beliefs, estimates or opinions, or other factors, should change. Factors that could cause future results to differ materially from those anticipated in these forward-looking statements include the risk of accidents and other risks associated with mineral exploration operations, the risk that the Company will encounter unanticipated geological factors, or the possibility that the Company may not be able to secure permitting and other agency or governmental clearances necessary to carry out the Company's exploration plans and risks of political uncertainties and regulatory or legal changes in the jurisdictions where the Company carries on its business that might interfere with the Company's business and prospects. The reader is urged to refer to the Company's reports, publicly available through the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR+) at www.sedarplus.ca for a more complete discussion of such risk factors and their potential effects.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the

policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
